MEMORANDUM FOR: Director, National Foreign Assessment Center
FROM: Director of Central Intelligence
SUBJECT: Loan of NFAC Analyst to FBI

During luncheon with the Director of the FBI and his top counter-intelligence people, Bill Cregar indicated that he was developing a proposal to request from us the reimbursable loan of [REDACTED] 25X1
He wants an NFAC analyst available to help them understand what positive intelligence they should be looking for and what to do with it when they get it. I told Bill in front of the Director that we would be happy to cooperate, though I said this before he mentioned [REDACTED] 25X1
name in particular. In short, I made a semi-commitment to provide them an analyst which it seems to me would be much to our advantage. I leave it to you to negotiate how and whom.
